Re: Ground Water Application No. G 2-28210

Dear Mr. Lindeman:

We acknowledge receipt of your affidavit of publication of notice in connection with the above-numbered application.

The water codes require that no action be taken toward issuance of a permit earlier than thirty (30) days after the last date of publication. This period of time is allowed for filing any protests or objections.

A site investigation will be made by this office before we issue a permit decision. In light of our water right backlog, we estimate it will be 12 months after receipt of your application before we are able to conduct the site investigation.

Sincerely,
